

Chelmsford County High School for Girls

Admissions Policy for September 2017 Entry

Approved by the Governing Body: 12th February 2016

Chelmsford County High School for Girls

Admissions Arrangements for entry to Year 7 for September 2017

Chelmsford County High is a selective, non-denominational girls' school with Academy Status.

The School's published admission number is 150 places for admission in Year 7 in 2017.

1.1 Eligibility for entry

Only children whose parents decide that they will take the CCHS Entrance Test and who attain the required standard in the prescribed arrangements for selection by reference to ability (and who make a formal application through their home local authority) will be eligible to be considered for admission.

The test is normally available to girls in Essex and from outside the County aged at least eleven years and under twelve years on 31 August whose parents have registered for them to sit the test with the school by the relevant closing date (see below). Parents seeking a place at the school must also make a formal application to their home Local Authority (LA) by the LA's published closing date of 31 October each year. No children who will be younger than eleven years of age on 31 August following the taking of the test will be eligible for admission unless they fulfil the LA's criteria for early entry - i.e. they are following the full Year 6 curriculum in the year in which they take the test. No children who will be twelve years of age or over on 1 September following the test date will normally be allowed to take the test and gain admission to Year 7 at Chelmsford County High School.

Methods of application and the closing date for the receipt of applications will be published in the LA Secondary Education in Essex booklet for all parents of Year 6 girls, and will be available on the Chelmsford County High School website, the LA website and publicised by other means that the school may choose to employ e.g. direct mailing to primary schools and press advertisement.

1.2 Nature and Timing of the tests

Chelmsford County High School for Girls will use the same CEM Entrance Test as a number of other Grammar Schools. The tests will take place on Saturday 10 September 2016 in all these schools. Applicants may only take the test once. If it is found that an applicant has taken the test twice, the raw scores for the first attempt will be used for the standardisation process. Parents seeking a place for their child in Year 7 for September 2017 must register their daughter at each school they wish to be considered for. Late registration for the CCHS Entrance Test will not be accepted.

Full details of how to register to Chelmsford County High School for Girls are available via the school website www.cchs.co.uk/admissions. It is preferable for you to register online, however, paper registration is available on request from admissions@cchs.essex.sch.uk.

1.3 Demonstrating residence

Only one address can be used for the application. In applying these admission arrangements 'permanent home address' will be defined as the permanent place of residence of the parent with whom the pupil spends the majority of the school week (Sunday to Thursday nights inclusive) at the time the online registration form is submitted for the CCHS Entrance Test, or the date it is received by the Admissions Office, if applying by post. The exception to this is if the family are returning from abroad to a previous permanent place of residence within the priority area (documentary evidence will be required), are members of the Diplomatic Service or Armed Forces.

Permanent residency is defined as owner occupancy or long-term letting contract (minimum of 6 months) of a residential property (evidence will be required in the form of a UK driving licence, council tax notification and two utility bills dated within the last six months, one of which must be the electricity bill). If in rented accommodation, a copy of a signed valid long term tenancy agreement must be provided covering the period from the time the online registration form is submitted for the CCHS Entrance Test, or the date it is received by the Admissions Office, if applying by post, to the start of term in September 2017. The Governing Body may refuse to base an allocation on an address which might be considered only a temporary address.

In the case of a recent change of address, additional evidence will be required in the form of proof of exchange of contracts or a signed valid long term tenancy agreement, as defined above. This is in addition to the UK driving licence, council tax notification and two utility bills dated within the last six months (one of which must be the electricity bill).

Proof of residence can be requested at any time. If it is subsequently discovered that an application contains a falsely claimed or dated address, then any offer of a place will be withdrawn. Where there is reasonable doubt as to the validity of a permanent home address, the school reserves the right to undertake additional checking measures in relation to both current and any previous addresses and any primary school(s) attended.

Any information that is subsequently proven to have been provided fraudulently will potentially invalidate that application.

The student must be able to show to the school's satisfaction that she has a right to reside in the United Kingdom and is entitled to state education. Overseas applicants must hold a full British or EU passport.

1.4 Allocation of places on over-subscription

The LA will be notified by the school of the Ranked List of Applicants who have expressed a preference for this school so that it can decide whether to offer a place on the basis of result and distance (using the geographical divisions set out below) as well as satisfying the highest preference of school indicated by the candidate on the

LA's application form. Places will be allocated in descending score order from the Ranked List of Applicants (who have not already been offered a place at a higher preference school) until all 150 places are filled.

Where applications for admission exceed the number of places available in Year 7, places will be awarded in rank order until the Published Admission Number is reached using the following geographical divisions.

The first 80% of places will be allocated in order from the Ranked List of Applicants (i.e. rank by academic score) following the School's entrance test, to girls living at a permanent home address within a 12.5 miles radius (measured in a straight line) of the School. All straight line distances are calculated electronically by the Local Authority using data provided jointly by the Post Office and Ordnance Survey. The data is used to plot the co-ordinates of each individual property and school and provides address points between which straight line distance is measured. Distances are to three decimal places in the first instance.

The offer of a place is conditional upon the pupil being continuously resident within the priority area as their permanent home address at the time the online registration form is submitted for the CCHS Entrance Test, or the date it is received by the Admissions Office, if applying by post, and the date commencing the start of term in September 2017. Notification of a change of address received after this period will always be investigated.

The next 20% of places will be allocated in order from the Ranked List of Applicants (i.e. rank by academic score) to girls irrespective of distance to the School.

Parents will have 21 days from the date of the letter of offer to accept or decline the offer in writing. Where an offer has been either declined or not taken up within the 21 day period the LA will offer the place to the next eligible girl on the Ranked List of Applicants (using the geographical divisions above). Where selected girls decline the offer of a place, the place will be offered to the next qualified girl(s) in rank order whose application expressed a preference for the school (subject to the same conditions and proportions as the preceding two paragraphs). This process will be operated until the end of the Academic Year, when the Ranked List of Applicants waiting list will cease to apply and any further vacancies will be determined through the in-year application process (see para 1.11).

1.5 Resolution of a tie

Where there is a tie for the last available place, due to applicants achieving identical standardised aggregate test scores, preference will first of all be given to any applicants who are 'looked after' or have previously been looked after by a local authority and second to any applicant in receipt of pupil premium. Following this, preference will be given to siblings. Should there be no siblings, or should there be more applicants with siblings at the school than there are places available, then preference will be given to the student(s) who live closest to the school by straight line measurement from the school to the permanent home address (as detailed by the Residency Clause above in 1.3) by way of electronic measurement.

1.6 Confirmation of test date

Applicants who have registered for the CCHS Entrance Test will be tested on Saturday 10 September 2016 at Chelmsford County High School for Girls.

1.7 Applicants who cannot attend the test centre

Applicants who are ill, or owing to other exceptional circumstances are unable to take the test on the main date, will be considered to sit the test at a later date, subject, in the case of illness, to the provision of a medical certificate from the family doctor, hospital consultant or specialist and in any other circumstances to a written explanation of the circumstances. No applicant will be able to retake, on a subsequent occasion, an individual test paper which they have started. Applicants who wish to attend the entrance test for another school being held on the same day as the CCHS Entrance Test will not be permitted to sit the CCHS Entrance Test on an alternative day. This will not be deemed as an exceptional circumstance.

1.8 Testing before application

The DfE School Admissions Code which came into force in 2012 requires that the results of the selective test are made known to parents **prior** to the closing date for applications to be made to the Local Authority (using the Common Application Form) which is 31 October. The tests will be taken on a date to be finalised by the school in September each year; the results will be posted to parents at least 7 days prior to the Local Authority CAF deadline. Alongside the results parents will be provided with information about this score. This will indicate for parents the likelihood that their daughter will be deemed suitable for selective education at CCHS, however, a result above that cut off mark is no guarantee of a place as results fluctuate each year and distance plays a part in the process as detailed at Paragraph 1.4 above.

1.9 Appeals

Any parents whose child is not successful in obtaining a place will be notified of their right of appeal to an Independent Appeal Panel.

1.10 Recent experience of applications and appeals

Out of the 808 girls who sat the selection test in 2014, for entry in September 2015, 589 indicated Chelmsford County High School as their preference. One appeal against refusal of admission to Year 7 was heard by the Statutory Appeals Panel of the Local Authority which was not successful. Appeals are considered on the merits of each individual case and any particular year's experience is not necessarily a guide to likely success.

1.11 Policy, numbers and over-subscription for in-year entries in Years 8 - 11

In-year applications for places in these years will be tested if and when a place becomes available. Applicants at this stage who are not allocated a place will be refused admission and placed on our waiting list. They have the right to appeal.

Where an in-year vacancy does occur because of a student leaving the roll of the School, all students on the waiting list will be invited to sit a test set by the School. The test will not aim to replicate the CCHS Entrance Test but will seek to establish whether the applicant can sustain the pace of the school's classroom education and fit within the ability levels and parameters of achievement of the relevant year group. The place will be offered to the student with the highest score. An age-related weighting is applied as some students who have taken the test in a previous sitting and not been successful are also considered.

If a number of applicants are tested at the same time for a place or places and results of the tests indicate it is not possible to discriminate between the last two candidates qualifying for a place academically, preference will be given to an applicant who has a sibling currently in the school. If this does not resolve the matter, then preference will be given to the student(s) who live/s closest to the school by straight line measurement.

1.12 Resubmission and Timing of In-Year Applications

If an application for admission is unsuccessful, the student will remain in the order of merit for their year group. They will not be entitled to resit the entry examination during the key stage but will be considered for any future vacancies alongside any new applicants. A student who has taken a test for in-year admission in Key Stage 3 may be retested once they reach Key Stage 4. Further information is available from www.cchs.co.uk/admissions.

SIXTH FORM ADMISSIONS POLICY

At Chelmsford County High School, we have approximately 150 places in Year 12. The GCSE criteria below apply equally to internal and external applicants.

Admission to the Sixth Form is based on GCSE/IGCSE grades attained in full courses. Students with non-standard qualifications* will be assessed separately and the equivalency of other qualifications obtained will be taken into consideration.

Sixth Form Admissions Criteria:

2.1 Minimum entry requirements

The following are our minimum requirements for entry into the Sixth Form:

- All candidates are required to have grade B or reformed grade 6 or higher in GCSE/IGCSE English Language and Mathematics and grade C or reformed grade 4 or higher in a Modern Foreign Language at GCSE.
- All candidates must achieve an average of at least 6.4 over their best eight GCSE grades, including English Language and Mathematics. This average should be calculated by converting the grades for English Language, Mathematics and the six highest GCSE results as follows, as addressed by DfE:

Reformed GCSE Grading	
Grade	Score
9	9
8	8
7	7
6	6
5	5
4	4

Unreformed GCSE Grading	
Grade	Score
A*	8.5
A	7
B	5.5
C	4

- Short or half courses will **not** be considered in the above calculation.
- The only dual awards to be considered will be dual award Science and dual award Engineering
- Dual awards will be counted as one GCSE and, where applicable, the grade used in the calculation will be the one scored in the higher paper. e.g. the additional science grade
- Only two qualifications per subject will be accepted e.g. the grades for GCSE Maths and GCSE Statistics could be included in the average grade calculation but a third Maths result would not be included.
- In addition to the above entry requirements, students are expected to achieve an A or A* or reformed grade 7 or higher at GCSE in the subjects they intend to study at A level. Requirements for individual subjects are shown in the A level Subjects Booklets.

2.2 Over-subscription

In the case of over-subscription, places will be offered first to all internal applicants then to external applicants. Each individual applicant must meet the same admission criteria, and places will be offered in descending rank order of their average GCSE points score across their best eight GCSE/IGCSE qualifications as outlined above. Students are admitted based on the availability of places in the teaching sets for each subject. In the case of a tie, the results in GCSEs beyond the eighth subject will be taken into account.

2.3 Further Requirements

- The student must be under 17 years of age on 31 August of the calendar year of proposed admission.
- The student must be able to show to the school's satisfaction that she has a right to reside in the United Kingdom and is entitled to State Education. Overseas applicants must hold a full British or EU passport.
- The student will not be admitted to the school until she has provided authentic, valid and bona fide documentation in support of her application, including documentation to confirm her GCSE results.

- The student will need to be a proficient English speaker to cope with the pace of the academic curriculum on offer at this school. With the exception of Modern Foreign language classes, lessons are taught in English so if a student's first language is not English, the school may require her to demonstrate the fluency, both orally and in writing, required to participate successfully in the Sixth Form.

2.4 Admissions Process

- External students will need to complete the Application Form, while internal students will be required to fill in an Options Form.
- Interviewing does not form part of our admissions process but we may invite students for an options discussion where necessary.
- The closing date for applications is Wednesday 1st February 2017.
- All prospective Sixth Formers will be invited to participate in the Induction programme which takes place in July.
- Offers of places in the Sixth Form are confirmed when GCSE results are published.

*** Students with non- standard qualifications**

Where students applying to the Sixth Form do not have standard GCSE or IGCSE qualifications, applications are considered on an individual basis and may involve testing in school. Student qualifications will be considered along with other information provided by the student's current school, in an attempt to make a fair assessment of the application. This process is entirely at the discretion of the Governing Body. Students may find it helpful to consult NARIC, the National Agency responsible for providing information and expert opinion on academic qualifications from overseas, to obtain the necessary information.
